1 Introduction

This document describes the content and the file format of the Aquis Exchange reference data files.

The reference data files are available from 04:00 daily on the Aquis FTP site.

1.1 Enquiries / Support

Please contact the Aquis support team at support@aquis.eu with any questions relating to this document.

2 Connectivity

Aquis makes reference data files available via an FTP/SFTP service directly to connected members. Please refer to the Aquis Exchange Connectivity Guide or contact the Support team for further information.

3 Reference Data Files

The reference data files will be tab delimited and will adhere to the following naming convention:

<filename>-<yyyymmdd>.csv

3.1 security-<yyyymmdd>.csv

Field Name	Type	Comments
id	Numeric	Unique Aquis security ID
description	String	Name of the security
